

Child Safety Code of Conduct

Croydon Special Developmental School (Croydon SDS) is committed to the safety and wellbeing of children and young people. Our school community recognises the importance of ensuring our school is a safe, supportive and enriching environment, which respects and fosters the dignity and self-esteem of children and young people, and enables them to thrive in their learning and development.

The school has a **zero tolerance of child abuse**. At Croydon SDS, we strive to ensure the safety and wellbeing of children and young people at our school at all times. All allegations and safety concerns will be treated seriously and consistently. We are committed to creating a safe, respectful and inclusive school environment where all students can be happy, confident and resilient, regardless of their sexual or gender identity, cultural background, disability or other circumstances. We take account of the diversity of all children, including the needs of Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities and vulnerable children.

Any physical contact with children or young people must be appropriate to the delivery of the programs and services based on the needs of the individual child/young person rather than the needs of any staff. This Code of Conduct aims to protect children and reduce any opportunities for child abuse or harm to occur. It also assists in understanding how to avoid or better manage risky behaviours and situations. It is intended to complement child protection legislation, Department policy, school policies and procedures and professional standards, codes or ethics as these apply to staff and other personnel.

The Principal and school leaders of Croydon SDS will support implementation and monitoring of the Code of Conduct, and will plan, implement and monitor arrangements to provide inclusive, safe and orderly schools and other learning environments. The Principal and school leaders of Croydon will also provide information and support to enable the Code of Conduct to operate effectively.

All staff, contractors, volunteers and any other member of the school community involved in child-related work are required to comply with the Code of Conduct by observing expectations for appropriate behaviour below.
